ain Shows Her Superlority Over the Defender.

NEWPORT, R. I. Aug. 2.—The Combia and Defender made another atompt today to race for the cup offered y the Newport Racing Association, but a was the case two weeks ago, an actional proceedings after the seven miles.

untried steel mast broke about 30 feet from the deck and her entire suit of salls tumbled into the water. Fortunately no one was injured.

Never before had the Columbia shown such superiority over Defender as she did in the fragment of the race started today. Within a few minutes after the start she was well ahead and after that seemingly did not try to increase her lead. The boats, in a fine south west breeze, were having a grand boat to the windward when the accident occurred.

At the time of the accident Defender was two minutes and forty seconds astern, while a fleet of tugs and steam yachts were not far away. Every vessel was rushed to the assistance of the disabled boat, but it was found that the crew were able to take care of themselves and they reported no one injured. It took nearly an hour to clear away the wreckage and get it on board. Then, in tow of a press tug, she started up the harbor.

The Columbia suffered little injury to her hull.

JACKSON, MISS., Aug. = 2.—Hon.

James F. McCool, of Kosciusko, today
amounced his withdrawal from the
contest for governor to be decided by
the state convention which assembles
here August 23. McCool has many
votes pledged to his credit but his withdrawal does not clear the heavily
charged political atmosphere in Missippi to any great extent.

Judge Longino continues to lead in
the race having more instructed vetes
than the four candidates combined and
it is believed his following will be sufficiently strong to organize the convention.

REPORTS.

NEW YORK STOCK MARKET.

NEW YORK, Aug. 2.—Today's stock market, like that of yesterday, had a period of strength in the morning which gave way before the day was over. The depression was due to the continued prospect of hard money.

The demand from London was especially marked for Atchison preferred, Louisville and Nashille and Northera Pacific. London sold Anaconda copper. Early in the day Suxar went up 11-4. Tennessee Coal and Iron rose 33-4.

The Tobacco stocks, the local traction shares. General Electric, Cotton Oil, People's Gas and a few others gained from individual causes. The general appearance of strength thus imparted to the market prompted some ewering by the shorts who sold yesterday, thus backers in the advence.

Berliner's Satisfied.

Berliner's Satisfied.
(By Telegraph.)
BERLIN, Aug. 2.—A despatch from Samoa, under date of July 27, says that the Germans here are satisfied with the appointment of Mr. Luther W. Osborne, United States consul general to Apia, as acting chief justice and regard it as a piedge of impartial administration of justice.

BERLINER'S SATISFIED.

BERLIN, Aug. 2.—A despatch to the Cologne Gazette from Apia calls the nomination of Mr. Osborne an unput-donable and unjustifiable abandonment of German interests in deference to Anglo-American feeling.

The Berlin newspapers, however, express themselves generally as being satisfied that Mr. Osborne will not neglect German interests in Samoa.
